## Printer Cartridge Waste Facts

### Why Should YOU Recycle?

- Almost 8 cartridges are thrown away per second in the US alone!
- Over 300 million printer cartridges are added to landfills every year.
- Over 70% of all printer users throw away their empty cartridges.
- Ink and laser cartridges take over 1000 years to decompose in landfill sites.
- Each discarded laser cartridge adds approximately three pounds of waste to our landfills.
- Recycling ink and toner cartridges saves over 11 million gallons every seven months.
- If a cartridge is recycled three times there is a 75% reduction of waste!

## What Can YOU Do?

Recycle your empty ink or toner cartridges and a cash donation is made to the Child Rescue Network. The Child Rescue Network is dedicated to protecting children. CRN offers a variety of free community outreach programs such as educating parents to recognize potentially dangerous situations for their children. They work to raise the priority and advocate level of child safety, and reduce the number of missing and victimized children.

**Help CRN continue this work by recycling your printer cartridges.  
And you'll help the environment too!**

To get **postage-paid recycling envelopes** for inkjet cartridges or to drop off larger items, contact Kwixar at:

**(407) 706-0086 or [www.kwixar.com](http://www.kwixar.com)**
